

Information of GeoClimaDesign AG

20. June 2010

Business Mission Berlin/Brandenburg to China

The members of the Brandenburger Entrepreneurial Delegation attended the exhibition of GeoClimaDesign AG in the German Energy Center and College (GECC) at the EXPO 2010 in Shanghai as part of the world fair.

Antje Vargas, executive of the board, presented the company's products and ambitions in China to Brandenburg's Minister of Economic Affairs, Mr. Christoffers, as well as to other delegation members.

The GECC, located on the grounds of the German Trade Center, hosts an exhibition of Germany's most influential utilities management businesses and technologies and will become an exhibition and training location for all businesses for years well after the EXPO 2010.
