

Information of GeoClimaDesign AG

23. June 2010

### **Founding of GeoClimaDesign China Ltd.**

With the opening of the accounts with the China Construction Bank Asia, the founding of the subsidiary GeoClimaDesign China Ltd. was finalized.

The GeoClimaDesign AG and GeoClimaDesign Group AG have achieved a milestone in developing the Asian market.

The new subsidiary, with its office in Hong Kong, will be the switchpoint for all activities within the Asian region and more specifically in China.

The upcoming goals are the setting up of a representative office in Peking, intensifying of the cooperation with the company Baumschlager Eberle Honkong Ltd. and the closing of an LOI with a large construction business in Harbin (Northeast China).
